

NETWORK AND CONNECT WITH CHINESE BUSINESS EXECUTIVES AND OFFICIALS

How often do you get to network with Chinese business executives and government officials without leaving the country? You will have an opportunity to do so on November 15, 2010.

Georgia China Alliance cordially invites you to join us at a reception on November 15, 2010 to welcome a delegation from China, consisting of about 40 business executives from a broad range of industries, including textile, agriculture, chemistry, banking, investment, trading, and others, and Chinese government officials from the Ministry of Commerce and other government agencies. Please see event details below. Although it is not required, you may find it more effective to attend the event with a Chinese speaking colleague or friend who might benefit from attending this event.
